

CHIEF OF NAVAL OPERATIONS

22 January 1996

Dear Dr. <sup>Josh</sup>Lederberg,

Just a short note to let you know I've read your editorial from the 17 January issue of *The Journal of the American Medical Association* on the threat posed by emerging and reemerging infectious diseases. As always, your analysis is insightful and prescription for a solution is right on the mark. I will continue to follow this issue closely.

Thank you again for all of your fine work with the CNO Executive Panel, and I hope to see you at our upcoming Plenary meeting in March.

Sincerely,

J. M. BOORDA  
Admiral, U.S. Navy
